The CA Board of Equalization (hereinafter "BOE") agrees to provide to the Department of Forestry and Fire Protection (hereinafter "Department") services involved in the establishment and implementation of a fee collection system and program, as described herein. The Department agrees to provide \$3,320,000 for one-time contract programming resources and data center services necessary to add a new fee program to the BOEs Integrated Revenue Information System (IRIS) and Automated Collection System (ACMS) and specialized equipment for one high speed scanner and telephone equipment. There are an estimated 850,000 structures located in SRA subject to the fee. Public Resources Code section 4213 mandates the BOE to assess and collect the new fee in accordance with the Fee Collection Procedures Law (Part 30 (commencing with Section 55001) of Division 2 of the Revenue and Taxation Code) commencing with the 2011-12 fiscal year.
